STSA-BC G2G MEETING HIGHLIGHTS

September 12, 2025

Xá:ytem Longhouse Interpretive Centre Mission, BC

This year's STSA-BC G2G meeting took place on a beautiful September day in the Xá:ytem Longhouse Interpretive Centre. STSA Political Representative Chief Angie Bailey, as well as CSF Co-Chairs Dr. Dave Schaepe and WLRS Strategic Director Josh Malt, hosted this historic event while Premier David Eby made his opening remarks via Zoom. Ministers Randene Neill (WLRS), Spencer Chandra Herbert (MIRR), Mike Farnworth (MOTT), and Ravi Parmar (MoF) were able to join us in person, along with a substantial amount of representatives from STSA member First Nations, for a day of dialogue and a deeper understanding of the issues that impact us all in S'ólh Téméxw.

In the afternoon, guests and delegates were provided a special tour about the history of the Xá:ytem transformer site.

To everyone who participated and helped to make such an important day memorable, we say yálh yew kw'a's hó:y (thank you)!
